

Hart Clinical Consultants Welcomes Barry as Senior Clinical Specialist/Research Associate

ATLANTA – Jan. 21, 2015 – Hart Clinical Consultants (HCC), a novel medical device training, proctoring and monitoring company announced that William Barry RN, CCRA has joined the organization as a senior clinical specialist/research associate. Mr. Barry will manage all aspects of clinical trial operations and proctors procedures for innovative medical devices and operate out of the organization's headquarters in Atlanta.

Prior to joining HCC, Mr. Barry was with Abbot Vascular for nearly 14 years, serving in various roles including clinical operations manager, field clinical research associate, territory manager and clinical coordinator and manager. In his most recent role, he was responsible for hiring, training and managing a group of 5-8 Field CRA's in the U.S. Mr. Barry also was responsible for project management, protocol writing/review and CRF design. During his time with Abbot Vascular, Mr. Barry oversaw numerous areas including being in charge of sales and training, site assessments, site initiations, monitoring, case proctoring, site support for AV clinical trials and more.

Prior to joining Abbot Vascular, Mr. Barry worked as a staff nurse at Atlanta Medical Center/Georgia Baptist. He holds an associate's degree in nursing from DeKalb University and a Bachelor of Science degree in biology from Oglethorpe University. In addition, Mr. Barry received EMT and LPN training from the United States Army.
